THE PERFECT PACKAGE – ADVANTAGES OF ALUMINUM FOIL CONTAINERS

SALES APPEAL:
Aluminum Foil Containers have a gleaming surface which stays bright throughout their cycle of use. They also offer a wide range of decorative coatings and surface embossing treatments.

BARRIER:
Aluminum Foil Containers put a leak-proof metal wall around their contents. This promotes product freshness and shelf life by maintaining the moisture content while not affecting the flavor of the product.

WIDE TEMPERATURE RANGE/Tri-ovenable:
Aluminum Foil Containers are unaffected by extremes in temperatures and can go from freezer to oven and back to freezer again. Tri-ovenable means it’s the only package that can go into conventional, toaster and microwave ovens.

HYGIENIC:
Aluminum Foil Containers are inert and provide an excellent barrier that does not promote bacterial growth. Aluminum foil containers won’t absorb moisture or grease.

ECONOMY:
Aluminum Foil Containers are cost effective and have been designed to fit into automated dispensing and filling machines. The containers can be used multiple times and are recyclable.

GREAT DESIGN CHARACTERISTICS:
Aluminum Foil Containers can be made to suit the specific needs of the user by choice of shape, rim styles and coatings. The conductivity of aluminum speeds both baking and freezing and allows faster and better product reconstitution than any other packaging material.

HIGH STRENGTH/LOW WEIGHT:
Aluminum Foil Containers offer strength, low weight and rigidity unparalleled in disposable packaging, enhancing transit and handling characteristics.

EASE OF HANDLING and CONVENIENCE:
Aluminum Foil Containers are designed to carry food products safely through all stages of manufacture and distribution, directly to the kitchen or caterers table! With aluminum foil containers you can cook, freeze, transport, reheat, serve, store, and recycle all in a single package.

ENVIRONMENT-FRIENDLY:
Aluminum is the most widely recycled packaging material in the world.

MICROWAVEABLE:
Aluminum Foil Containers can be used safely in microwave ovens. Simply place the foil container on a glass or ceramic plate, center in the microwave and heat.

General Policy, Terms and Conditions

“Terms and Conditions of Sale” are printed on the reverse side of the Customer Copy of the Invoice.

I. Order Acceptance: All orders must be in writing and signed by an employee or agent of buyer. Orders will be accepted only by the administrative sales office in Lake Zurich, Illinois and do not become binding on C.M. Products until acceptance by the Vice President of Sales or his duly authorized agent.

II. Price Adjustment: Prices as quoted are subject to change to price in effect at time of delivery.

III. Terms: Net 30 days from date of invoice.

IV. Transportation: Foil containers are sold F.O.B. plant of buyer or where agent of buyer takes custody within the continental United States and F.A.S. at port of embarkation on shipments outside of the United States, or to Hawaii, or Alaska. SHIPMENTS LESS THAN 2000 POUNDS SHALL BE AT THE EXPENSE OF BUYER. On buyer-designated route, method or agency of transportation, the cost exceeding lowest carload or truckload rate (regardless of quantity shipped) shall be at the expense of buyer.

V. Call Outs: Containers are produced to customer order with specific release dates and must be shipped within 30 days from the date of the initial release. If any remaining quantity exceeds the 30 day period it shall be invoiced as of that date.

VI. Deferment or cancellation of orders: Orders may not be cancelled or delivery delayed by buyer except with the written consent of seller and upon terms which will indemnify seller for all costs incurred, plus a reasonable allowance of profit.

VII. Merchandise returns: Containers are not sold on consignment and may not be returned for any reason without prior written approval from seller. Under special circumstances, a return may be authorized with credit computed at purchase price less 25% re-stocking charge, repacking charges, if any, and freight both ways. Claims for defects in quality are waived if not advised within 30 days from the seller’s shipment. Credit will be issued only to the original buyer.

VIII. Tolerances – Gauge: Foil containers are manufactured and sold at industry commercial tolerances of plus or minus 10% of published gauge. Shipping: Shipment of plus or minus 10% applies to special coated and non-stock items with 5% tolerance applicable to stock items.

IX. Equipment: A) Any equipment (including tools, dies, jigs, and fixtures) which Seller specifically agrees to construct or acquire for use exclusively in the production of goods for Buyer, shall be and remain property of Seller, in its possession and control, and any charges shall be for the use of such equipment only.

B) While in possession of Seller, any materials or equipment owned or furnished by Buyer will be carefully handled and stored by Seller, but Seller shall have no responsibility or liability for loss or damage thereto.

C) If after one (1) year, Buyer places no orders for products to be made with any equipment or materials referred to in the foregoing paragraph (A), Seller, after giving 30 days written notice to Buyer at its last known address, may make such disposition thereof as Seller desires without liability to Buyer.

X. Specialty Features: Available by inquiry are special embossing, imprinting, piercing, perforating, printing, protective and color coating and innumerable custom variations. Prices are available on request. NONSTANDARD items not included in this catalog are available subject to special inquiry.
