

TRUSHOT™

TRUSHOT™ MOBILE DISPENSING SYSTEM

The TruShot™ Mobile Dispensing System keeps crews moving with our patented spray-and-wipe cleaning system that provides optimized dilution delivery. The easy-to-use system requires no mixing, measuring or stopping and its fully intuitive design will have cleaning crews using it in minutes. The no-spill, 10-oz. concentrate cartridges snap directly into the trigger dispenser and the pre-labeled cartridges help you comply with OSHA. The on-board 10-oz. water reservoir easily fills at any water source reducing re-supply trips to the closet. Using our high-quality SC Johnson Professional® hard surface chemistries, this patented system simplifies dilution dispensing and replaces wall-mounted or other concentrate dispensing systems.

SAFETY PRACTICES TO FOLLOW

It's good business practice to assure that your employees have read and understood the product labels and Safety Data Sheet before using this product. The label use directions and SDS contain important hazard warnings, precautionary statements and first aid procedures. This information is available on-line at www.scjohnson-professional.com or by calling 800-294-3632. Wear personal protective equipment, chemical-resistant gloves and chemical splash goggles, when dispensing concentrates. Improper mixing or diluting of concentrate may damage surfaces and may result in physical harm to the user matching those of the concentrate.

For effective product performance, use this trigger only with products marked FOR NON-DISINFECTANT USE.
