PLASTICS™

## Packaging Solution

[www.CuBEplastics.com](http://www.CuBEplastics.com)

### CuBE containers are safe to use in any food application

Manufactured with only FDA and CFIA approved materials, no BPA's, phthalates or toxic additives, CuBE containers are both airtight and leak resistant. CuBE containers are safe to use in any food application.

CuBE containers go from freezer to microwave to dishwasher without ever losing their shape. They are both airtight and leak resistant, allowing for versatility in storing liquid and solid food products. CuBE will make your life, and the life of your customers, a whole lot easier!

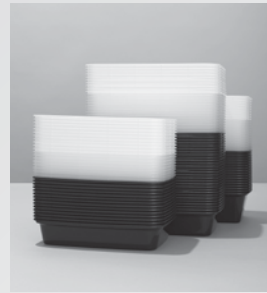

The elegant design of CuBE containers allows for efficient use of space through compact stacking.

The optimal answer for retail applications and merchandising!

Light but strong, our products are resistant to both hot and cold temperatures, never losing their shape.

All CuBE containers are reusable, recyclable and microwave - dishwasher - freezer safe.

### REDUCE, REUSE, RECYCLE

Dishwasher Safe

Recyclable

Reusable

Freezer Safe

At CuBE, we believe strongly in the mantra of REduce, REuse, REcycle. We have developed our products to meet both the functional requirements of plastic containers as well as the need for environmental responsibility.

The cutting edge and lightweight design of CuBE containers make them extremely economical. For the price of a disposable product, CuBE gives you a long life product. Good for the environment and your bottom line!

The sustainability of CuBE plastic products, coupled with their superior functionality, cost and space efficiency, ensure they are the best solution for our customers and our customer's customers.

# CuBE Plastics Product List

## Leak Resistance Round

container	size	case quantity
CR-517B (black)	18oz	150 containers and lids
CR-517W (white)	18oz	150 containers and lids
CR-517C (clear)	18oz	150 containers and lids
CR-623B	24oz	150 containers and lids
CR-623W	24oz	150 containers and lids
CR-623C	24oz	150 containers and lids
CR-631B	32oz	150 containers and lids
CR-631W	32oz	150 containers and lids
CR-631C	32oz	150 containers and lids

## Leak Resistance Rectangle

container	size	case quantity
CR-811B	12oz	150 containers and lids
CR-811W	12oz	150 containers and lids
CR-811C	12oz	150 containers and lids
CR-815B	16oz	150 containers and lids
CR-815W	16oz	150 containers and lids
CR-815C	16oz	150 containers and lids
CR-927B	28oz	150 containers and lids
CR-927W	28oz	150 containers and lids
CR-927C	28oz	150 containers and lids
CR-937B	38oz	150 containers and lids
CR-937W	38oz	150 containers and lids
CR-937C	38oz	150 containers and lids
CR-1147B	48oz	100 containers and lids
CR-1147W	48oz	100 containers and lids
CR-1147C	48oz	100 containers and lids
CR-1047B (square)	48oz	100 containers and lids
CR-1047W (square)	48oz	100 containers and lids
CR-1047C (square)	48oz	100 containers and lids
