

GREENBOX™

Our Planet • Our Responsibility

'Saving the environment...one pizza box at a time!'

Why the GreenBox?

Additional Customer Convenience = Repeat Visits

- Customers will return to your restaurant because they'll want the pizza box that makes life easier!

'WOW' Factor = Buzz and New Customers

- The unique design of the GreenBox is sure to create buzz, excitement, and word-of-mouth referrals to your restaurant!

Social / Community Mindedness = Customer Loyalty

- Leading by example and being at the forefront of the green movement fosters goodwill within your community.

Overwhelming Publicity = Even More New Customers

- Stories about the GreenBox on TV, in print, and online drive customers to seek out establishments that carry it! We'll make it easier for them by including your name, logo and link on our website!

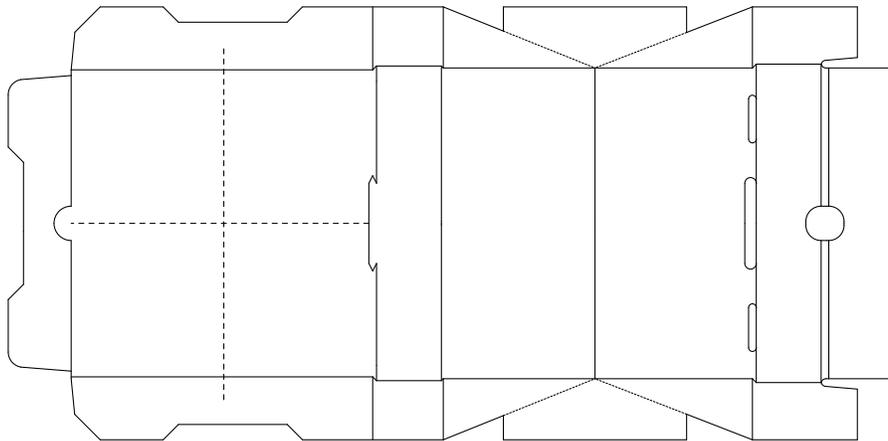

50% Increase in Advertising Space = Higher Advertising Impact

- The bottom of the GreenBox becomes the top of the compact storage container, increasing advertising space by 50%!

Storage Container = Higher Advertising Frequency

- Because the GreenBox folds into a storage container that fits in the fridge, the amount of time your customers will be exposed to your logo and advertising is dramatically increased (from 24 minutes to 48 hours!).

GTIN / UPC	Mfg Item #	Size	Box Dimensions	Flute	Case Count	Case Weight	Case Dimensions
