Dinnerware from fallen leaves

Impressively versatile, stylishly sustainable, VerTerra is the choice for party-ready single-use compostable dinnerware.

Made from fallen palm leaves, steam, pressure and heat, VerTerra is all-natural—no chemicals, lacquers or bonding agents of any kind. Using fair wage labor and sustainable production methods—no trees or plants are cut down—VerTerra is the versatile, guilt-free choice to add a stylish touch to every event.

- Sustainably produced using fallen leaves and steam
- All-natural—no chemicals, bleaches, dyes or plastics
- Microwave-, oven- and refrigerator-safe
- Chic, elegant, unique
- Authentic eco-friendly: 100% biodegradable BPI-certified compostable
- Durable and lightweight. Sunlight, heat, liquid friendly.

PEOPLE ARE TALKING...

Winner Best New Green/Environmentally-Friendly Product
Natural Products Expo East - New Products Review

#1 on Food & Wine's Eco Checklist
"VerTerra... instead of paper."
Food & Wine

"For VerTerra, the solution is simple: fallen leaves and steam. That's all it takes to make the new plates and bowls VerTerra hopes will soon change how Americans serve food at parties and picnics."
Time Magazine

"These are the chicest single-use tableware we've seen."
Ecofabulous.com

"They're so green, the only thing about them that's not green is their color...which is beige."
ABC-TV Green Right Now

"These simple, but amazing plates are like a sustainable fantasy product..."
BestEcostuff.com
