SmartServ®

the smart choice

SmartServ® to-go containers will keep your entrees hot and fresh. Just fill the container full and close the flaps. They will not leak, are grease resistant, microwavable, and the one piece constructions means no lid required, which reduces inventory.

SmartServ® containers can be used for:

- ◇ Rice dishes
- ◇ Pasta dishes
- ◇ Noodle dishes
- ◇ Chinese dishes
- ◇ Wings
- ◇ Cajun dishes
- ◇ Deli salads
- ◇ Fish & Chips
- ◇ Chicken Tenders
- ◇ French Fries

Your entrees will still be fresh and hot in SmartServ® containers, and your takeout will never be better. SmartServ is made from a sustainable natural resource; and the best part is, per unit, it is cost effective versus other takeout packaging.

Custom printing is available.

Terrific for salads.

Great for pasta dishes.

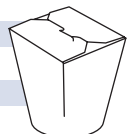

Asian print also available.
