“WE PERCEIVE AND ARE AFFECTED BY CHANGES
TOO SUBTLE TO BE DESCRIBED”
-HENRY DAVID THOREAU

**FOR OVER 70 YEARS, SPIRIT HAS BEEN
HELPING OUR CUSTOMERS SERVE THEIRS.**

In 1934, while leisurely enjoying refreshment at a Boston hotel, a chemical engineer was unable to reach the olive at the bottom of his glass. He envisioned a pointed spear to retrieve it. Inspired, he added a space for the hotel's name and patented the first swizzle stick. That was the beginning of Spir-it, Inc.

In 1961, two ingenious personalities in California, were pondering the fact that too many drinks had made a monkey out of them. The idea was conceived to make a monkey glass-hanger. From that, the next thought was of pink elephants, a natural consequence of excess libations. The possibilities seemed endless and grew to include a collection of three dimensional animal glass-hangers, picks and stirrers. The response was fantastic and Zoo Piks was born. Purchased and moved to Texas in 1977, the product line was diversified to encompass a full range of food and beverage accessories.

In July of 1999 the two companies were brought together to form what today is Spirit. We now lead the way in developing theme oriented, specialty and custom designed products for the food service and advertising specialty industries throughout the world. Design assistance, tooling, molding and decorating facilities provide a continuity of quality and service. With manufacturing facilities located in Texas and California, we offer easy accessibility and economical shipping.
