

DRAIN STRAINERS

- Prevents flooded floors, calls to the plumber, drain jetting and costly repairs to piping system
- Many sizes and styles available including durable plastic, stainless steel, and disposable.
- Works for floor drains, floor sinks, and we even have special strainers made for trench drains.
- NEW Grease Absorbent Sock to absorb F.O.G.
- We can also customize strainers to your specific application. To learn more, visit: customstrainers.com

DRAIN-NET MEGA MICROBES

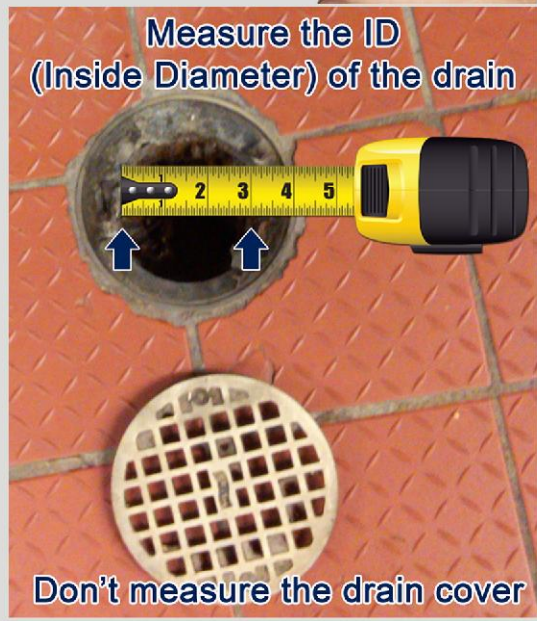

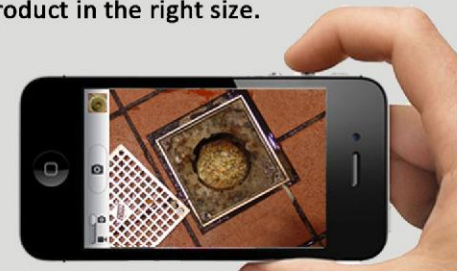

- Drain-Net Mega Microbes formulas put billions of friendly bacteria cells specially cultivated to feed on organic waste into drains pipes and traps to prevent F.O.G. accumulation.
- Drain-Net Mega Microbes doesn't just break up or emulsify the waste and pass it along; rather, it metabolizes (or digests) it into harmless compounds that have no negative effect on the environment.
- Regular treatment prevents waste from building up in your drains and community. It maintains a cleaner healthier place of business that employees, customers, and local officials will appreciate.
- Available in various treatment methods including dry and liquid, and can be applied manually or auto dosing pumps.

All New Flange Basket Assembly with Drain Edge™

Covers up ugly floor sinks

FLOOR SINK BASKETS

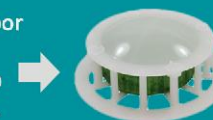

Does your facility have ugly, rusted floor sinks? Give them a new look with the Flange Basket Assembly!

- Don't get stuck with old baskets that only have holes in the bottom.
- Captures solids in a basket instead of clogging your drain lines or grease trap.
- Our baskets feature **Slotted Sides**, so when the basket fills up, water flow doesn't slow down!

Put this Floor Sink Defender in your floor sink basket. This slow release device breaks down grease and drain build up and eliminates fruit fly breeding areas.
