

WORLDVIEW™ NATURALS

NATURALLY
a better choice.

We're going au naturel

Our most popular **WorldView™** shapes and sizes are now available in a natural bagasse color. Just like the originals, these containers are strong, grease and cut resistant alternatives to traditional plastics. With 100% renewable, BPI certified compostable bases, and renewable or recycled lids, these sets can handle any cold or hot, saucy, creamy, buttery dish you can throw at them, naturally.
