

INTRODUCING WORLD CENTRIC
NoTree™ Hot Cups & Bowls

Introducing NoTree,TM World Centric's first fully compostable hot cups and bowls made from tree-free paper. The use of paper made from agricultural waste fiber helps protect our fast dwindling forests, as well as supports wildlife and indigenous cultures whose lives are dependent on forests.

100% Compostable

in a commercial composting facility

NoTreeTM

No trees were harmed in the making of this bowl

NoTree paper hot cups and bowls compost within 2-4 months in a commercial composting facility. They come in a natural tan color, which avoids bleaching in manufacturing that can potentially harm the environment.

NoTree hot cups and bowls pair perfectly with our fully compostable, heat-resistant lids. Made from plant-based plastic, not petroleum, our lids will compost in 2-4 months in a commercial composting facility.

NoTree™

No trees were harmed in the making of this cup

- New NoTree paper hot cups and bowls are made from tree-free paper
- Bio-lining made from corn
- Non-polluting, non-toxic and environmentally responsible
- Compostable in a commercial composting facility
- Not microwavable

NOTREE™ PAPER HOT CUPS - NATURAL

Item #	Description	Case Count	Pack Count	Gross (Lbs)	Case Cube	TI/ HI
CU-SU-4	4 oz NoTree Paper Hot Cup	1000	50	10.5	1.15	12/5
CU-SU-6	6 oz NoTree Paper Hot Cup	1000	50	13.5	1.32	9/5
CU-SU-8	8 oz NoTree Paper Hot Cup	1000	50	19.75	2.09	9/4
CU-SU-10	10 oz NoTree Paper Hot Cup	1000	50	23.6	2.81	6/4
CU-SU-12	12 oz NoTree Paper Hot Cup	1000	50	26.75	3.22	6/3
CU-SU-16	16 oz NoTree Paper Hot Cup	1000	50	31.4	4.18	6/3
CU-SU-20	20 oz NoTree Paper Hot Cup	1000	50	34.5	3.61	6/3
CUL-CS-8	LID PLA - 8 oz Hot Cups*	1000	50	8	1.58	6/7
CUL-CS-12	LID PLA - 10-20 oz Hot Cups*	1000	50	9.5	2.11	6/6

* Heat-resistant lids

NOTREE™ PAPER BOWLS - NATURAL

Item #	Description	Case Count	Pack Count	Gross (Lbs)	Case Cube	TI/ HI
BO-SU-8	8 oz NoTree Paper Bowl	1000	50	18.6	2.65	6/5
BO-SU-12	12 oz NoTree Paper Bowl	500	25	14.15	2.20	8/5
BO-SU-16	16 oz NoTree Paper Bowl (coming soon)	500	50	17	3.35	8/3
BO-SU-24	24 oz NoTree Paper Bowl (coming soon)	500	50	21	2.55	8/4
BO-SU-32	32 oz NoTree Paper Bowl (coming soon)	500	25	25	3.54	4/6
BOL-CS-8	LID PLA - 8 oz Bowls, White*	1000	50	9.5	2.09	6/7
BOL-CS-12	LID PLA - 12-32 oz Bowls, White*	1000	50	14.9	3.16	4/7
BOL-CS-8D	LID PLA - 8 oz Bowls, Domed, Clear**	1000	50	10.1	2.26	4/9
BOL-CS-12D	LID PLA - 12-32 oz Bowls, Domed, Clear**	500	50	9	1.92	6/7

* Heat-resistant lids **Not suitable for foods over 120°F

WORLD CENTRIC

Why Use Our Products?

Sustainable Materials

Made from annually renewable plants like wheat, sugarcane, silver grass and corn instead of non-renewable petroleum (plastics and Styrofoam). Sugarcane fiber and wheat straw products are the most sustainable as they are made from discarded agricultural by-products.

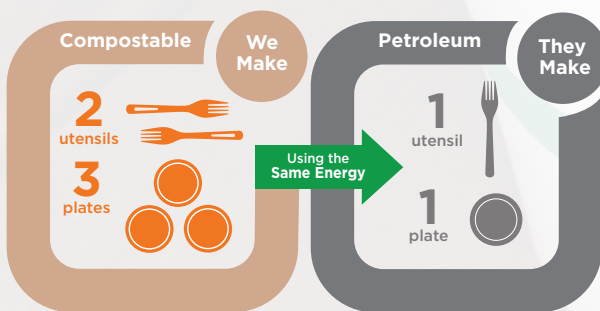

Reduce Waste

Plastic and Styrofoam are derived from petroleum and create pollution and toxicity during production, use and disposal. Compostables come from plants. They are non-toxic, non-polluting, and reduce waste going into landfills. They biodegrade in a commercial composting system and produce nutrient-rich soil in 3-4 months, while plastics and Styrofoam persist for hundreds of years in the environment.

Use Less Energy

Our products require less energy to produce than petroleum-based products and reduce greenhouse emissions, lessening the impact of global warming.

Our Eco-Profile Analysis

This eco-profile analysis measures the energy and other inputs required to make a product, from the extraction or harvesting of raw materials to the finished product at the factory gate.

Responsible from Start to Finish

Conform to ASTM D-6400 Standard and BPI Certified; Compost in 2-5 months in a Commercial Composting System.

NoTree™ Paper Hot Cups & Bowls

- New NoTree paper hot cups and bowls made from tree-free paper
- Ingeo™ lining made from corn
- Conform to FDA guidelines for food use
- Not microwavable

Fiber Plates, Bowls, Trays and Clamshells

- Made from plants, such as wheat straw, sugarcane, silver grass, or bamboo
- No wax or plastic lining
- Freezer safe
- Gluten free
- Oven safe up to 450°F for 45 minutes (lids are not microwave or oven safe)
- Conform to FDA guidelines for food use

TPLA (70% PLA and 30% Talc) Utensils

- Made from non-GMO cornstarch and talc
- Conform to FDA guidelines for food use

Cold Cups, Deli Containers, Straws, Lids

- Made from Ingeo™ compostable plastic, derived from corn grown in the USA
- Conform to FDA guidelines for food use

Trash, Produce and Yard Waste Bags

- Made from a mixture of synthetic and starch-based plastics
- Certified by TÜV AUSTRIA OK Compost Home
- Strong and durable
