enMotion® Flex Paper Towel System

A roll is always on stand-by

Welcome to a new age of zero waste and jam-free design. Introducing GP PRO's enMotion® Flex Paper Towel System. Its Dual Roll Auto-Switch Technology consumes the smallest roll first, and allows for 100% utilization of each roll before it switches to the roll on stand-by. That means ZERO waste. The intuitive design of the enMotion Flex dispenser makes it easy to train staff—and helps make refilling easy.

EFFICIENCY

From the brand that delivers 99% jam-free dispensing. Auto-feed grabs and guides towels.

WASTE REDUCTION

Dual Roll Auto-Switch Technology means one roll is consumed 100% before dispenser auto-switches to the other. The result is zero waste.

DEPENDABILITY

Auto-switching rolls virtually wipe out jams and runouts and make users happy with a towel every time.

Ever think about the power of a simple 'thanks'?

At GP PRO, we believe it can have far-reaching effects. So, while you may think of us as restroom and foodservice innovators, you might not know that we're working to create transformation through appreciation—especially for our dedicated clean teams. They're the unsung heroes who diligently work behind the scenes to make our lives easier. But more than that, they're the reason we developed our Take Notice Program. It's our way of giving facility managers all the tools they need to regularly recognize and honor their best and brightest.

At GP PRO, we strive to honor those who keep our buildings clean. And because our products are among the easiest to maintain, they help make the job of clean teams a little easier. When easy-to-use products are combined with an environment of gratitude and support, we think it just might make for a happier workplace.

Like to **Take Notice** of your **hard-working staff**?

GP PRO would love to help.
