## About Us

VerTerra produces stylish - sustainable - disposable dinnerware and packaging. Our products are Eco-friendly and create an elevated look in the food industry. Founded on the principle of creating a better planet, VerTerra is committed to creating sustainable products out of fallen palm leaves and balsa wood from leftover tree trunks.

Pat. and Pat. Pending: [www.verterra.com/patent](http://www.verterra.com/patent)

### THE CREATION

VerTerra was created by CEO Michael Dwork. During a trip to India in 2005, Michael encountered the palm leaf plate for the first time. He watched as a woman began soaking fallen palm leaves in water and pressing them into a crude waffle iron - creating an all-natural plate that she then served traditional India cuisine on. Michael was instantly inspired by this creation and knew it would be the perfect alternative to traditional paper disposable dinnerware.

## SOCIAL RESPONSIBILITY

Through our network of factories, we have created employment for over 500 women in rural India and Indonesia. Our goal has been to stay as true as possible to the original craft product that is originally made by women.

Our Balsa line is made from the leftover tree stumps from certified renewable tree farms after the tree is felled our team removes the stumps and the other leftovers to be used as the raw material for our balsa product collection.

Our factories recycle the water used during the manufacturing process and the leftover leaf bits are used as food for livestock such as cattle or turned into an organic compost.

The palm leaf line is created solely from palm leaves and water, there are no glues, plastics, lacquers, veneers, or toxins used in the process.

VerTerra's line of palm leaf dinnerware, patented collapsible boxes, patent-pending cheese boards, and serveware provide a wide variety of options for every customer's need. These compostable products withstand hot and cold food and liquids and are also microwave and oven safe. VerTerra products are lightweight, durable, and have a unique streamlined appearance - Perfect for a multitude of uses within the food and beverage landscape.

## AWARDS

VerTerra is proud to be an official house purveyor of the James Beard Foundation since 2011

VerTerra is proud to be the official palm plate compostable of the National Association for Catering and Events (NACE) since 2016

## About

### DINNERWARE FROM FALLEN LEAVES™

Our signature DFFL-PALM product range was innovated in 2006. It has been awarded dozens of times for its unmatched quality. We are the leader in palm dinnerware production and the only integrated manufacturer of palm leaf plates. Having our own factories affords us to produce the highest standard. Our Palm leaf products are created solely from unused palm leaves and water. Our Dinnerware is natural and is created without any chemical coatings. The design is recognized by the Cooper Hewitt Design Museum - elegant but durable these products are microwave and oven safe. They can handle hot and cold food, liquids, and oils.

Pat. and Pat. Pending: [www.verterra.com/patent](http://www.verterra.com/patent)

#### SUSTAINABLE

Our dinnerware is made from fallen palm leaves (that would otherwise be burned), steam, heat and pressure. No plants or trees are cut or harmed in the process.

#### BIODEGRADABLE

Our dinnerware will naturally biodegradable at home or in an industrial compost without using chemical agents.

#### COMPOSTABLE

VerTerra products are BPI-certified compostable and tests have shown that soil containing VerTerra compost enhances plant growth by over 15%.

#### DURABLE + VERSATILE

Our products can withstand hot food, liquids, and oils. Thoughtfully designed, our products act as a natural insulator. Verterra dinnerware will not leak or impart taste.

#### MICROWAVE + OVEN SAFE

VerTerra dinnerware can withstand two minutes in the microwave on a high heat setting or up to 45 minutes in the oven at 350 °F as long as they are at least 6" from the heat source.

# The Process

## DINNERWARE FROM FALLEN LEAVES™

### BORROWED FROM THE EARTH AND RETURNED

VerTerra palm dinnerware is made in our network of factories in India, where employees work in a safe environment, receive fair wages, and access to health care. The production process is simple and transparent: after collecting fallen leaves that would normally be burned, we apply steam, heat and pressure to transform the leaves into dinnerware that will compost naturally in two months.

Our priority is to be true to the Earth. We are always developing new ways to make the entire process - from gathering materials, to delivering our palm leaf dinnerware to your party - more Eco-friendly.

The first step in making our leaf dinnerware is to collect fallen leaves from plantations. Trees are not cut down during this process. The leaves are then brought into the factory, where they are sprayed with high-pressure water, steamed and UV-sterilized. As a creation of only two products, palm leaves and water, our palm leaf dinnerware is completely non-toxic and chemical free. Our dinnerware can withstand up to 2 minutes in the microwave on a high heat setting or up to 45 minutes in the oven at 350° F, as long as they are at least 6" from the heat source. Over 80% of the water used in this process is recaptured and reused. In fact, the whole manufacturing processes only requires 10% of the energy used in recycling. No chemicals, lacquers, glues, bonding agents, or other toxins are added to our compostable products, which keeps your meal and our Earth free from harm.

sku 02-25-05C

sku 01-20-25B, 01-22-10B

sku 01-01-10B

01

#### Gather Leaves

Fallen Palm leaves are collected and brought to our factories in India.

02

#### Steam & Press

The leaves are then steamed + sterilized then they are pressed into shape.

03

#### Heat

The palm leaves are then heated to finish the product. They will now retain their shape.

04

#### Use & Enjoy

The products are ready to display culinary creations + inspire new uses.

05

#### Compost

The Products are BPI Certified compostable in an industrial facility or can be composted at home.

06

#### Back to the Earth

Soil containing VerTerra compost enhances plant growth by 15%.

### WHY YOU'LL LOVE DINNERWARE FROM FALLEN LEAVES™

All-natural product made from only fallen palm leaves, steam, heat and pressure

Fallen palm leaves would otherwise be burned as waste

Certified compostable in fewer than 60 days in an industrial facility

No heat transference

BPI-certified 100% compostable

Palm leaf becoming VerTerra Dinnerware

## Cutlery Guide

### WOODEN - HEAVYWEIGHT

We have worked to design the perfect wooden cutlery by using ridging and darting to enhance strength and prevent breakage. There is also a bake-in proprietary confectionery glaze to eliminate the wood taste other similar products have. Simply put, they work: sturdy, durable, and designed to perform like permanent products.

### WOODEN - MEDIUM WEIGHT

Without compromising quality we re-engineered our original heavy weight cutlery to be 0.75in shorter and slightly lighter. Allowing us to offer a lower cost option for those that don't require as robust a line of cutlery. Still including the proprietary baked-in glaze to eliminate the wood taste this product performs as well as its larger predecessor.

### WOODEN - LIGHT WEIGHT

For the value focused environmentally concerned customer this line provides a cost efficient eco-friendly solution vs plastic. We were able to pack all sorts of advantages other manufacturers can't at this price point. Still produced with no concern for splinters or dust in the box this is an amazing value product. However without the glaze or reinforcing ridging our other products have this is intended for lighter fare.

### WOODEN - CLICK N EAT

Our tradition cutlery takes a new turn with the Click N' Eat Wooden Cutlery Duo. This full-sized Fork and Knife is already attached for your culinary convenience. Perfect for outdoor/indoor dining, and drop off catering. This product is lightweight, and will stack neatly. Just click apart, eat, and enjoy!

### PLANTWARE

Made from 100% renewable resources and PLA, Aplant-based plastic, Plantware Cutlery is completely compostable, renewable, and heat resistant. All items meet ASTM standards for compostability. Their crystallized formulation adds strength and heat tolerance of 200 Degrees F.

Pat. and Pat. Pending: [www.verterra.com/patent](http://www.verterra.com/patent)

## PRINTED LOGO + PERSONALIZATION

We have been creating custom branded creations for customers with very low minimums since 2011. With a proprietary system we are able to use a laser without burning the palm material – ensuring nothing affects the taste of your food.

Our Balsa wood products are treated with a special silk screen to apply your logo in an elegant way. Our facilities are food safe and we have an installed capacity of 75,000 units a day and growing. Between our capacity and quality, we have all your needs covered.

## PACKAGING

Our high-quality sleek boxes are the best way to showcase your packaged food. These multi-purpose boxes are perfect for everything from gift baskets to grab and go/delivered food. VerTerra's packaging enhances the perceived value of the meal. Carry your brand beyond your physical location with our logo-ed options or customize yourself.

## Industry

### ECO-FRIENDLY PRODUCTS FIT FOR EVERY PURPOSE + INDUSTRY

VerTerra has a vast collection of products specifically designed to be multi-purpose. The wide variety allows our products to work seamlessly with a magnitude of industries across the food and beverage landscape. Between the palm leaf dinnerware, space saving collapsible boxes, chef boards, and serveware, VerTerra has a product for every need.

### FAST CASUAL

Our product range fits the need of many QSR and Fast Casual Concepts. Our line of fast casual items are the solution for an affordable and aesthetically pleasing customer experience. Whether your focus is organic, locally sourced, farm to table or another innovative food concept, match your plating and packaging with your food all while driving home the message of sustainability to your clients.

### SPORTS SERVICE

Our Palm + Balsa products are great for stadiums, arenas, and racetracks. Our products are portable, lightweight, and durable. Perfect for concessions and catered services. Avoid clean up by using sustainable disposable that are eco-friendly and compostable for your sports service needs!

## HOTELS

Create the perfect ambiance in-room, poolside, at events, or as an amenity with our products. VerTerra is the answer to maintaining a high standard of guest experience with significantly lower cost. Our products perform and feel like permanent versions with the convenience of single-use: eliminate "slippage", breakage, loss, and keep your costs in line with your usage. In addition, save man power, prep/clean up, and storage all while maintaining your environmental goals.

## CATERING

VerTerra is the ultimate sustainable solution to catering. We offer products that are perfect for on and off premise. From buffets to a seated event or passed appetizers, you will love the lightweight durable products with lower staffing needs for service and cleanup. Your customers will love the modern appearance and will enjoy that the products are environmentally friendly.

## TASTINGS

Our minis have become the tasting industry standard with over 500+ major events using our products, such as: Aspen F&W, Feast Portland, Palm Beach Food and Wine, and more. Our "smalls" the 2.5", 3", 3.5", 4", and 6" products make it easy for you to run a compostable event, lowering staffing needs, and the added bonus of gorgeous food images. Our smalls will showcase the food and your event in the best light.

## CHEESE

Our elegant compostable products enhance your presentation and margin while also offering your customers convenience. Minimize setup and cleanup - just simply throw away or compost after use. Highlight your specialty offerings on VerTerra chef boards! Sell more than just cheese, sell an experience.

## BAKERIES + CHOCOLATIERS

Upgrade your packing by using VerTerra balsa wood boxes to instantly make your packaged goods look more desirable. Use them for to-go, gift packaging, and more! Our boxes are practical, priced right, and sustainable - while being sleek and stylish at the same time. Since our boxes are light-weight and store flat you won't have to worry about storage space!

"The first time I saw Verterra, I knew I had found something very special. Not only a sexy, modern, creative option for events. But really a break through in the availability to offer a product that you could feel good about using. In today's world where the importance of taking care of our environment is paramount....Verterra is leading the way with its unique and beautiful products! BRAVO! "
