Wet Wipes for Every Surface

WipesPlus®, Wet Wipes For Every Surface

We've got you covered with personal care wet wipes, like our popular baby wipes, disposable patient washcloths, flushable wipes and hand sanitizing wipes that kill 99.9% of germs.

From the most complex and challenging of environments with strict code requirements, to heavily trafficked areas where dirt, grime and germs are left behind, we've got your facility covered with the most comprehensive wet wipe cleaning solution for any surface and in every environment. Whether you need counters and equipment sanitized or disinfected, and have surface materials ranging from stainless steel to Plexiglas, we have the right wipe, with the right dispenser and for any location, making the wipes convenient to access and encourages use.

WipesPlus® has the right compliment of wet wipe solutions for:

- Restaurants
- Fitness Centers
- Hospitals and Ambulatory Care Centers
- Healthcare Offices and Facilities
- Supermarkets
- Schools and Universities

Wet Wipes for Every Surface

DISINFECTING SURFACE WIPES

DISINFECTING SURFACE WIPES

Wet Wipes for Every Surface

Kills Tuberculosis, bacteria, H1N1, viruses and Staph on surfaces.

Every area where staff, visitors, guests, customers and the general public convene, there are surfaces that need to be regularly cleaned and freed of dirt, grime, harmful germs and bacteria.

WipesPlus® Disinfecting Surface Wipes are more effective, efficient and cost less than sprays and towels, making them the right wipe in any location.

Independently lab tested to quickly disinfect and EPA registered in 50 states, WipesPlus® Disinfecting Wipes are bactericidal, tuberculocidal and virucidal. Kills Pandemic 2009 H1N1 Influenza A Virus, Tuberculosis, bacteria, viruses and Staph.

WipesPlus® Disinfecting Surface Wipes are lint free, highly absorbent, and the water-based formula makes them safe to use on plastics, laminates, metals, Plexiglas screens and rubber surfaces.

Use our attractive and convenient dispensers to encourage use, and keep them stocked in areas such as:

- Hospitals, Ambulatory Care Centers, Medical & Dental Offices
- Day Care Centers, Nursing Homes
- Schools, Universities, Military Bases
- Fitness Centers, Spas, Hotels & Resorts
- Restaurants, Cafeterias, Grocery Stores, Food Processing Facilities
- Commercial Buildings, Offices, Homes

**HOSPITAL/
SURGICAL
WIPES**

HOSPITAL/ SURGICAL WIPES

Wet Wipes for Every Surface

When strict control of cross contamination is critical, WipesPlus® Hospital Surgical Wipes are tough enough to get the job done, safe for staff and patients and safe to use on surfaces and equipment.

EPA registered WipesPlus® Hospital Surgical Wipes meet CDC & CMS guidelines for health care disinfectants and exceeds OSHA blood-borne pathogen requirements. Proven to kill Gram Positive and Gram Negative Bacteria, Tuberculosis, Chlamydia and Pathogenic Fungus.

The fast acting formula loosens and suspends blood and bodily fluids, non-organic soil and other cellular debris for easy cleaning. The formula contains no toxic chlorine or staining dyes and does not require special handling or storage. This tough formula is safe to use on plastic, plexiglas, metals, acrylic, vinyl, glass and baked on surfaces and leaves no residue behind.

Recommended areas for use:

- Patient Rooms
- Emergency Rooms
- Operating Rooms
- Ambulatory Surgical Centers
- Neonatal & Infant Care Units
- Child & Geriatric Care Facilities
- Plasma Pheresis & Blood Centers
- Respiratory & Pulmonary Labs

HAND SANITIZING ALCOHOL FREE WIPES

HAND SANITIZING ALCOHOL FREE WIPES

Wet Wipes for Every Surface

WipesPlus® Gently Cleans While Killing Germs

We touch surfaces and one another, making us both human and potential carriers of germs and bacteria. While running to a restroom to wash hands before and after each touch is hardly convenient, providing Hand Sanitizing Wipes is effective and efficient.

FDA approved, water based formula that kills 99.9% of germs without potable water in our convenient wet wipe is far more effective than a hand sanitizing gel as it cleans the hands as it sanitizes.

Beyond killing germs, our wipes are lint free and gentle to the touch. Aloe Vera is used to moisturize the skin and create a pleasant scent, which encourages frequent use, thereby lowering the risks of cross contamination.

To encourage use, we recommend placement in convenient locations in any environment such as:

- Hospitals, Ambulatory Care Centers, Nursing Homes
- Supermarkets
- Day Care Centers, Nursery Schools, Senior Centers
- Schools, Universities, Libraries
- Spas, Hotels & Resorts, Fitness Centers
- Offices, Call Centers, Waiting Areas

HAND SANITIZING WIPES

HAND SANITIZING WIPES

Wet Wipes for Every Surface

WipesPlus® Hand Sanitizing Wipes contain 65.9% alcohol and meets the Food Code's Hand Sanitization Requirements.

Effectively killing 99.9% of germs and bacteria, using WipesPlus® Hand Sanitizing Wipes protects employees and customers by helping to prevent the spread of bacteria that cause illnesses.

While the wipes are gentle to the touch, we encourage placing canisters in convenient locations where hands and bacteria are bound to meet to encourage use in areas such as food prep areas, serving stations, checkout and cashier stations and guest areas. Ideal environments are:

- Restaurants, Cafeterias, Dining Rooms
- Hospitals, Ambulatory Care Centers, Medical Offices
- Geriatric Care Centers, Nursing Homes, Day Care Centers
- Schools and Universities
- Hotels & Resorts, Spas, Fitness Centers

**FOOD
SERVICE
WIPES**

FOOD SERVICE WIPES

Wet Wipes for Every Surface

Wherever food is prepared, served and enjoyed, WipesPlus® has wet wipe solutions that are safe for staff and guests and keeps your surfaces clean.

Cleared by the EPA for use on food contact surfaces without a rinse after sanitization, WipesPlus® Food Contact Sanitizing Wipes are the perfect cleaning solutions in busy kitchen areas. More effective and efficient than sprays towels, and encourages staff use, which improves the outcome in reducing foodborne illnesses.

While meat and poultry must reach certain temperatures to meet health code regulations and doneness for serving, thermometers and probes are used. WipesPlus® provides single use Probe Wipes that makes the job more sanitary and saves time not having to wait between wash cycles for a clean probe or thermometer. Individually packaged, Probe Wipes clean with a single swipe, are non-corrosive and safe for staff and food.

Wiping down tables with WipesPlus® Table Wipes is more sanitary than reusing wet towels from table to table. Designed specially for tables in public areas and restaurants, they are efficient and sanitary. Along with cleaning tabletops, earn positive reviews for cleanliness from inspectors and guests.

WIPES**

SPECIALTY WIPES

Wet Wipes for Every Surface

Some of the most important surfaces we clean are hospital and geriatric patients, and baby's bottoms.

WipesPlus® Patient Wipes are large durable, disposable cloths that are hypoallergenic, alcohol and latex free to gently clean for hospital patients, homebound adults and geriatric residents.

The soft and delicate skin of baby's bottoms appreciate our Aloe Vera lotion-based formula that gently cleans and keeps baby's skin smooth and moisturized.
